## Welcome to **GURUKUL**

Dear Students & Parents,

Welcome to Career Point Gurukul.

The magic that a residential school has on a child can be traced back to the times of our mythologies like Mahabharata and Ramayan. Princes were sent to Gurukul away from their palatial adobes to learn the basic tenets of life and gain self-confidence, decision making ability, camaraderie, leadership traits, man management, adaptability, sociability etc, as these make the personality of a person. It is the personality, which will tomorrow ensure the success of a child together with his academics.

Keeping this in mind Career Point Gurukul provides holistic development for the child which includes Best Academics, Best Personality Grooming, Life Skills Development and Strengthening Leadership Qualities. The school also provides integrated coaching by experts to prepare students for competitive examinations like JEE, NEET, Olympiads, SAT & IELTS etc.

CP-Gurukul aims to provide disciplined routine life and result-oriented learning. The time spent by a student at CP-Gurukul is not just the gathering of memories for a lifetime, but also making him/her an accomplished individual. It is about living, learning and growing together.

## EXPERIENCE - what students and parents say about CP-Gurukul

**Thanks Gurukul for being a second family to me...**

**Yuvraj Bhatia**  
Class - 8<sup>th</sup>  
California, USA

I Yuvraj Bhatia from California, U.S.A. of class 8th like this place because of the good education system and the peaceful ambience. I am happy to study and stay here with my friends and having an awesome experience so far. The students are very good and the teachers are excellent. We have doubt counters where we clear our doubts. The facilities in our hostels are very nice. The wardens and discipline in-charges take good care of us in the hostel. We have a departmental store where we can buy the things that we need. At night we have supervisory classes from 8:00 to 10:00 PM for self study under supervision. Overall it is an awesome place for studying and staying.

**Thanks Gurukul being the second home ...**

**Vedangi Sharma**  
Class - 10th  
Kingdom of Saudi Arabia

I Vedangi Sharma from Saudi Arabia of class 10th feel really lucky to stay and study at CP Gurukul. I have a really pleasant experience here. The food we get here is really mouthwatering and delicious. The teachers and wardens are really very kind and helpful. The morning physical training here keeps us healthy and fit. All of our daily needs and requirements are available at the Departmental Store within the campus. I thank Gurukul for giving me a second Home.

### Best Schooling, Coaching with Residential facilities

I was looking for the school which can provide both schooling and coaching with residential facilities under one umbrella and it was CP-Gurukul Kota. My Son (Neeraj Bhagoria) student of class XI, is preparing for JEE along with school. The CP-Gurukul has an expert and rich experienced faculty who are always there to solve the problems of the students. The residential and the campus overall has very good ambience and environment both for the students as well as for the parents. Thus, CP Gurukul has the potential to become a Top Ranking Residential School in India.

**Rich facilities provided here made me forget about my country and home town**

**Aryan Pandey**  
Class 10<sup>th</sup>  
Doha, Qatar

Hello everyone, I am Aryan Pandey of class – X, and basically I am from Doha Qatar. I'd heard profoundly about Career Point Gurukul & its quality education, so this year I am quite fortunate to surround myself in the green ambience of CP Gurukul.

Since the very first day, I've been cared & guided by the CP staff, teacher & senior students who have supported me immensely. I am really enjoying my life thoroughly. It is not just quality education but the supportive entire team and the rich facilities provided here made me forget about my country and home-town. I thank CP Gurukul & entire Gurukul team for the benevolence & support showered upon me.

**Teachers here are very passionate for teaching...**

**Anideepa Chakraborty**  
Class - 10<sup>th</sup>  
Dubai, UAE

I am living in Gurukul for the past one and a half years. When I first arrived at Gurukul I wasn't very happy, as I was so far from home, but the students and teachers have been so nice to me that I started feeling more comfortable. The girls specially were very friendly and they befriended me very soon. Apart from socializing Gurukul's education system has helped me a lot. I have become, much better in studies as compared to when I was at home. The teachers try their best to help me wherever and whenever they can; they are very passionate about teaching us and are always ready to clear our doubts. They keep giving lots of extra knowledge and try to make the classes as interesting as possible by constantly involving the students in their group discussion.

Gurukul has been a life time experience for me. I will never forget it and try to make the most of it every day.

**Best Infra & Student Ratio**

I was looking for a school that could give my child an opportunity to grow in an atmosphere conducive for learning with no stress. The school is having very good infrastructure & the best student ratio. My child is getting excellent education at a very affordable price.
